

Where we are Today ...

All proceeds of the tournament support the Charles Krowitz Burkitt's Lymphoma Research Fund administered by Dr. Mark Minden, world-renowned expert in lymphoma and leukemia research, and his team at Princess Margaret Hospital. A rare and highly aggressive B-cell tumour, Burkitt's lymphoma strikes patients at an average age of 31 years, with 85% of the patients being male. Patients are commonly diagnosed in the latter stages of the disease, and only 45% will survive 5 years after diagnosis. Dr. Minden's research holds the promise of providing a simple way to distinguish Burkitt's Lymphoma from Non-Hodgkin's Lymphoma. As well, the identification of drugs and new gene targets may lead to less toxic and more effective therapy for this disease.

Charles would be very proud of this event and the dollars that we raise in his memory.

Thank you for your incredible support over the past 6 years. The dollars that we raise will save lives.

Barry & Penny Krowitz Ron & Elda Sparaga

In addition to your support of our event, you can help this important research all-year round. To celebrate a milestone, to memorialize a friend or relative, to say 'Thank You', please make a donation (minimum \$10) to the Charles Krowitz Burkitt's Lymphoma Research Fund. Just call us at 905-889-0210. We'll take care of the details and send out a card with the appropriate message for you.

Where your ongoing support will take us ...

Dr. Minden and his team will continue their exploration and identification of how Burkitt's lymphoma differs from other lymphomas and thus identify novel drug targets that have the potential of reducing the morbidity of treatment and improve the outcome.

"The work would not be possible without the dedication and generosity of the Charles Krowitz Woodchuck Golf Classic supporters."

Dr. Mark Minden

Princess Margaret Hospital is a recognized leader in the fight against cancer. It is the only facility in Canada devoted exclusively to cancer research, treatment and education.

Charles Krowitz Woodchuck Golf Classic...

Our Story, Our Vision

This event, launched in 2001, was created in memory of Charles Krowitz whose untimely death led his family and friends to this initiative. Charles was diagnosed with Burkitt's Lymphoma, a rare form of Non-Hodgkins Lymphoma, in 1999 and despite aggressive chemotherapy treatment passed away in May 2000.

Charles was an extraordinary person who touched everyone with his warmth, generosity of spirit and zest for life.

Our vision is of a world where young men and women like Charles are not ruthlessly torn from their families at a young age; a world where there is a cure for Burkitt's Lymphoma. Thus the Charles Krowitz Burkitt's Lymphoma Research Fund administered at Princess Margaret Hospital by Dr. Mark Minden was initiated in May 2000. Since that time, over \$400,000 has been raised by this event to ensure this important research.

Charles would have loved this day – his big smile and booming voice would have enveloped everyone with love and laughter.
